Dear Michael,

It was with great pleasure that I heard the news in Serbia that you had been appointed chair of the European Karate Federation Technical Commission. After serving the EKF Technical for a decade now you have been rewarded with a very influential and important role in the development of European karate, and the BKF congratulate you in this well deserved honour.

No sooner had I returned when I received the news that WKF President Mr Antonio Espinos has asked you to become a member of the World Karate Federation Technical Commission, a rapid promotion, which is just fantastic news not only for yourself but for English and indeed British karate.

The BKF view this announcement as a huge vote of confidence in British karate.

By entrusting such responsibility to you, the WKF have demonstrated the high esteem in which you, the BKF Vice President, are held, and we offer you our most heartfelt congratulations.

Terry Connell

President BKF
